POLITICAL DEPARTMENT.

No. 1.

TRANSLATION OF A LETTER FROM HIS HIGHNESS THE NABOB AZIM UL DOWLAH
BAHADUR, TO THE RIGHT HONORABLE LORD CLIVE, &c. &c. &c.

DATED AND RECEIVED { 4TH RUMZAN 1217 HEGERY
OR
30TH DECEMBER 1802.

The Machinations of an infatuated part of my own family who are adverse to the propitious Arrangements established for the Administration of the Affairs of the Carnatic and for the happiness of its people, are intimately known to your Lordship, and you are also aware of the forbearance with which I have in compliance with your Lordship's Advice in the present Situation of things, refrained from exercising the just degree of Authority Necessary to relieve me from this inconvenience, in the hope of winning by Conciliation and forbearance those Mistaken people from the Errors and Misdoings of their evil Councillors.

A recent instance however has occurred, in which I have found it to be indispensably Necessary to Assert my Authority in a more direct manner, both as the head of the Mohammedan Government in the Carnatic and particularly of the Walajahi family.

Shah Sawar Jung the reputed Son by a Courtezan of the late Nabob Omdat ul Omra having conducted himself in a manner disrespectful towards me, I Adopted the Most lenient mode of Signifying my displeasure According to the long existing usage of the Nabobs of Arcot, by placing him in Arrest in his own apartments, with Sentinels at his door, but with Strict injunctions not to interrupt the usual supplies of his table.

Having fastened the doors of his Apartments he Addressed a Petition to one of the judges of the Supreme Court Accusing me of withholding from him the necessities of life and claiming the protection of the Court: thus endeavouring to remove himself from the Authority to which he was Constitutionally Subject as a Member, though an unworthy Member of the Walajahi family, and to Seek protection for his insolence under an imputed intention on my part of Cruelty and inhumanity.

With respect to the Calumnious part of the Petition, if the Communications which your Lordship daily receives of the transactions at Chepauk, were not Sufficient to remove every doubt, if any doubt existed in your Lordship's Mind; I could furnish your Lordship with the Most Abundant proof of the entire disregard

of truth manifested by Shah Jung : but I am assured that your Lordship's friendship and Consideration for me would induce you to judge Such a procedure in the present Case to be an unnecessary Condescension from the high rank and Station, to which under the favor of Providence I have been Advanced by the British Government.

With regard to the wish apparently expressed by Shah Sawar Jung in his petition to withdraw himself from my Authority, your Lordship will remember that at an early period after I ascended the Musnud of my Ancestors, I apprized the disaffected members of my family by a Circular letter of which I furnished a Copy for your Lordship's Information, that if they Continued to occupy Apartments within the precincts of my Palace, I should expect them to conform to those internal regulations which I might adopt : but if they Should be desirous of withdrawing themselves from Chepauk it was my intention to grant them free permission to do So : I did not trouble your Lordship with the Answers I received, because they were more Calculated to demonstrate a spirit of hostility, than expressive of their gratitude for the Obligations which through my intercession they have received from your Lordship's Government.

The insolence and disrespect manifested by Shah Sawar Jung have now given a practical example of their intentions, by an Attempt to Compel me to the alternative of Submitting to a disrespectful Conduct on their part, or of Suffering the indignity of a foreign interference to Supercede my just Authority ; I am very certain that it is not in the terms of the Treaty of the Carnatic, nor in the Spirit of the renewed Alliance between me and the British Nation, and Still less in the gracious intention of your Lordship's Mind, that I should be reduced to Such a predicament. I have therefore deemed it to be proper for me to order Shah Sawar Jung to remove himself from the palace of Chepauk ; and as I can have no doubt that the Arrangement Adopted by your Lordship to regulate the payment of the family Stipends was Calculated to maintain and Support the dignity and Authority of the Head of it ; It is my request that your Lordship will be pleased to discountenance a procedure Subversive of Subordination, and repugnant to the established rules of this family and of the Mohomedan Sect, by discontinuing the payment of the Monthly Stipend hitherto granted to Shah Sawar Jung and to his dependants, Amounting to 15,000 Rupees a year : In this expectation I shall refuse to Authenticate the receipts of Shah Sawar Jung in the usual Manner : but your Lordship is Assured that Although the change must be attended with inconvenience to that ill judging person and to his dependants, I shall prevent from exposure to distress any person however unworthy bearing a relation to the Walajahi family ; The example will be beneficial to others by manifesting under the Sanction of your Lordship's Authority, that the rejection of my Authority is not exempt from the forfeiture of the benefits of my protection.

Although by the blessing of the Almighty no possible indignity can assail me while I enjoy your Lordship's protection, I will not conceal from your Lordship the painful feelings which have disturbed my Mind on hearing that the judges of the Supreme Court have considered it proper and decorous for them to enquire into the domestic Arrangements of my family.

By the Special grace of Him the most merciful my friends the English Government (who may truly be described as the vicegerents of Justice upon earth) have provided by a Sacred Law, that the customary Authority of the heads of families of whatever persuasion Shall be preserved to the lowest of their Indian people ; a law by which the meanest of the Subjects whom I have transferred to your Lordship's mild and beneficent Authority is exempted from the prying Curiosity of strangers ; and Secured in the quiet exercise of those customs and prejudices which he has been taught to reverence with an ardor exceeding the love of Life :—An exemption from this busy intrusion is Accordingly my right as a Man.

But your Lordship, and I speak it with a heartfull of gratitude, has habitually treated me, not only with the tenderness of a father, but with the Consideration due to my rank as a Sovereign prince in Conformity to the 1st Article of the treaty of the Carnatic, which Secures to me the Same rank, dignities and immunities which were enjoyed by my venerable grand father who reposes in paradise : by the favor of the Almighty this Solemn Compact of the whole British Nation is incapable of Violation ;

A local and Subordinate jurisdiction of one people Cannot invade the privileges of the Sovereign of Another : by the blessing of the founder of all order, the inquisitions of a French tribunal do not reach the Sacred person of my August Ally the King of Great Britain, and the intrusion of the Court of Madraspatam Cannot touch the Sovereign of the Carnatic.

To your Lordship, as my friend and as the representative of my unalterable Allies the British Nation, my doors and the Secrets of my heart are equally open : but the habits of your Lordship's illustrious rank and your enlightened Views of the Customs and institutions of the Nations of the earth, have instructed your Lordship in the respect which is due, to what Narrower and more Vulgar Minds may consider as prejudices : and your Lordship if you Shall see it Necessary will take farther and More powerful Measures to Secure for ever my honor and the dignity of my house, from the pollution of intruders of whatever description.

What Should I write More ?

TRANSLATION OF A LETTER FROM HIS HIGHNESS THE NABOB AZREM UL DOWLAH
BAHADUR, TO THE RIGHT HONORABLE LORD CLIVE, &C^A &C^A &C^A

DATED AND RECEIVED { 12TH RUMZAN 1217 HEGERY
OR
7TH JANUARY 1803.

By the blessing of Almighty God and the Support of my Sincere friends the Governor General and your Lordship, the Affairs of my Government are established on a Basis as firm as the *Wall of Alexander*, and under the protection of his August Majesty the King of Great Britain and of the English Nation, I am Always in perfect safety and Security. Thus Situated, my honor and dignity is the same as that of my revered Grand father The Nabob Walajah (who reposes in paradise) and the preservation thereof will ever be incumbent on the English Government.

On the 3^d of the present Month the Supreme Court at Madras without any Communication with me, Sent their people into the house of Abdulmabud Chan Bahadur Jumsheed Jung (one of the Sons of the late Nabob Wallajah) Seized his person and Carried him away. This Circumstance has been a Source of great uneasiness and Surprise to me, that Notwithstanding the intimate connection Subsisting between me and the English Government, Such intemperate measures have been Adopted by the Court Against my Dependants. Your Lordship knows full well that the poorest Man is the Master of his own house and is secure in it, and that none has the power of intrusion therein:—Such being the Case, it is matter of Great Astonishment to me that the people of the Court Should so far deviate from the Customs of their own Nation as to go into the house of a Son of the late Nabob Walajah and there disgrace him; Good God, Is it consistent with the justice and equity of the Court that Man of rank and distinction Should be dragged into durance in this disgraceful Manner? This Act of violence I conceive to be highly injurious to my honor by the law of Nations, as well as by the Sanctions of Government: my Dependants (Such of them as are heartily well disposed towards me) are equally Secure from the interference of the Court as I am in my own person. I have therefore to request that during your Lordship's Government Such an Arrangement may be made as shall preclude now for ever all interference of the Court or of Strangers with any of my Dependants.

This Act of Kindness in your Lordship towards me will add to my Security, and to my honor.

I have had the honor to receive your Highness's letters of the 30th of December and 7th Ultimo, and Am greatly Concerned that any Circumstance Should have occurred to disturb the Composure of your Highness's Mind.

It will be Satisfactory to your Highness to be informed that I perfectly coincide in your opinion of the unworthiness of Shah Sawar Jung to participate in your Highness's bounty, and have directed the payment of his pension to be discontinued at the Treasury.

I am willing to beleive that the late Seasonable effort of resolution manifested by your Highness in the punishment of Shah Sawar Jung will effectually Secure the Nabob of the Carnatic from the recurrence of Similar effrontery.

I have Already received your Highness's Acknowledgements for having effected the temporary enlargement of Abdul Mabuḍ Chan, and I have it in contemplation to make Such farther immediate Arrangements, as May be practicable, for the purpose of preventing the Occurrence of a Similar event to any person under your Highness's protection, who may be deemed to be exempt from the jurisdiction of the Law of England,—With this view I request your Highness to transmit to me a Certificate under the Seal of your Government, describing the station of Abdul Mahbood Khan in the Walajahi family, together with a list of Such persons as may be considered by your Highness to be entitled to the privilege of exemption.

TO THE RIGHT HONORABLE LORD CLIVE, &C^A &C^A &C^A

DATED 23^d FEBRUARY }
RECEIVED 3^d MARCH } 1803.

M^r. Webbe the Resident lately wrote to me intimating that hostilities had commenced in the Puna Country, and that the troops of the Honorable Company would in consequence enter the territories of the Maha Rajah, that besides the

Cavalry already maintained in the Service of the Maha Rajah's Circar, it was Necessary that all the Cavalry throughout the Country that could be engaged to Serve, Should Also be entertained and that if the Honorable Company's forces Should proceed beyond the frontier, the Cavalry belonging to his Highness's the Maha Rajah were to Accompany them. That I was to employ Some infantry and peons for the protection of the Country, and to collect Supplies for the use of the Army.

Immediately on the receipt of the preceding Communication I dispatched orders to the Several taluks for getting ready in different places Supplies of rice, Gram, Straw &c^a.

His Excellency General Stuart having entered the Confines with the Army by the pass of Vencatagiri Cottah; I detached a Sirdar with the Cavalry to join his Excellency, which Sirdar continuing with him has provided, and will continue to provide Grain and other Necessary Articles at the different places of incampment—They have already advanced as far as Chittle Drug.

When General Wellesley Commenced his March from Seringapattam I Accompanied the General taking with me the forces of His Highness the Maha Rajah and provided at every halting place, Grain, Straw, and other Necessary Supplies. I have moreover Garrisoned every small fort Accordingly as was fit.

There was formerly maintained in the service of His Highness About 1,500 Cavalry. Since the receipt of M^r. Webbe's letter I have entertained an Additional Number of 1,000, in all 2,500 Cavalry. There are Six Battalions of Infantry each Consisting of 500 Men, 500 Lascars, drivers &c^a Amounting in all to 3,500, together with 2,000 Peons. Accompanied with this force I attend upon General Wellesley, and we are now at Hunnavalli—all these troops have been reviewed by the General who will report the Circumstances to your Lordship.

I have Collected for the use of the Army 60,000 Sheep, and More are coming in daily.

TRANSLATION OF A LETTER FROM HIS EXCELLENCY SERFOGEE RAJAH OF TANJOUR,
TO THE RIGHT HONORABLE EDWARD LORD CLIVE GOVERNOR, &c^a &c^a &c^a FORT
S^t. GEORGE.

The Resident, Captain Blackburne has informed me of your Lordship's desire to have a Copy of the Instrument—containing the Conditions of the Grant of Tranquebar to the Danes, and of the Obligation incurred by the Danish Government to pay Peshcush on Account of the Territory in Question.

The original Obligation of the Danish Government to pay peshcush and a Copy of the original Grant to the Danes, were doubtless, deposited with other Instruments of a Similar Nature in the Archives of the palace. The whole of these valuable Records have been lost either by the Lapse of Time, or in the Revolutions in the Government of Tanjour. After the Capture of the Fort in the year 1773 all the

papers of any Consequence were carried away by the Nabobs order, and altho' my Father Taljagee Rajah made many Applications for the Restitution of them, his efforts were entirely unsuccessfull.

The Loss of these Instruments is much to be lamented, but it Cannot affect the validity of my Right to demand the Peshcush from the Danish Government, or Alter the Nature of the Connexion between me and that Government, by which it Necessarily follows that a failure in the Payment of the Stipulated Tribute involves the Forfeiture of their possessions at Tranquebar.

The Tribute has been paid from time immemorial without the Exception of a Single failure.

I have discovered in the Records of the Palace, Copies of Receipts granted for the Tribute and for the Rent of Some Villages for Sixty two years preceeding the present Claim, Continued in regular Succession through the Reigns of pretaup Sing, Tuljagee, and Amersing.

I send for the Inspection of your Lordship a Copy of a Receipt of each of the Above Mentioned Rajah's, and Copies of all the Receipts which I have granted to the Danish Government on the Same Account.

I also send for your Lordship's Inspection the Copy of one of the Receipts granted by the Nabob's Manager at Tanjour to the Danish Government for the Tribute, &c. paid to the Nabob for the years during which he was in possession of Tanjour.

Your Lordship will perceive that the Tribute is Separately stated in all the Receipts, and that no Change in it ever took place, altho' a Small Reduction in the Rent of the Villages was made by amersing.

I also send for your Lordship's Inspection Several original Letters from the Governor of Tranquebar in which the Right of demanding Tribute is fully recognized. It has not in fact been ever questioned or objected to by the Danish Government or by General Anker except for the period during which Tranquebar was under the Authority of the British Government.

In the receipts and Letters Above mentioned the Tribute is invariably called Topha which Signifies a Sum paid in Acknowledgement of Sovereignty in further Confirmation of which I may state the public Embassies with presents which have been Sent from Tranquebar to congratulate the Accession of every Successive Rajah.

As your Lordship cannot have a Doubt of the Justice of my Claim and as my Receipt of the Tribute is expressly Stipulated in the Treaty between me and the Honorable Company, I earnestly entreat that you will enable me to enforce the Claim by Such a Mode of proceeding as the Nature of the Case calls for.

I have directed my Vackeel to repeat the Demand once more, and if it be rejected to leave Tranquebar immediately.

I enclose a List of the papers Accompanying this Letter and after your Lordship Shall have inspected them, I beg the favour of you to return them.

I received with the customary Marks of Respect the Joy exciting Letter and the Khilut which your Excellency Sent by the Vackeel Gopaul Row, and Am filled with Satisfaction at the joyfull Intelligence of your Excellency's Happiness. I hope to have frequent opportunities of communicating this Satisfaction to your Excellency.

As there is no Reason why we Should pay tribute for the fifteen Months during which Tranquebar was in the possession of the English, I am very Sorry that I cannot comply in full with the Demand of Tribute which has been made by your Excellency. The Vackeel Gopaul Row has refused to receive the Tribute for one Year which I offered, and this has caused the Delay which has occurred. I will Communicate to the Rajah of Denmark all that your Excellency has written regarding the Tribute for the period of the English Authority in Tranquebar, and until his Answer be received you must have patience. Be this known to you.

The Tribute for one year which Gopaul Row refused to Accept I shall be ready to pay when your Excellency's order and Receipt Shall Arrive. It is my wish that the Good understanding between my Rajah of Denmark and your Excellency's Circar may constantly be cherished—as I pray continually that it may be cherished. I trust, with Certainty that no Injury whatever to our Friendship will be the consequence of this trifling Matter.

I pray that your Excellency may Constantly enjoy Happiness.

TO HIS EXCELLENCY THE RAJAH OF TANJOUR.

Para. 1st I conclude that your Excellency will have been Apprized of the internal dissentions which have for a considerable period of time distracted the Mahratta Empire, and of the Necessity which was imposed on His Highness the Peshwa in consequence of those dissentions of Abandoning the Capital of His dominions for the purpose of obtaining Safety under the protection of the British Government; and it is also probable that your Excellency will have heard of the Auspicious change which has been produced in the fortunes of His Highness Sreemunt Rajirow [*sic*] Pundit Predhan Bahadur, and of His Highness's return to his Capital, and reestablishment in the exercise of the legitimate rights vested in His Highness as Head of the Mahratta States.

2. On an occasion So important to the honor and interests of an Ally of the British Government, and So intimately connected with the prosperity of the Mahratta Empire, I deemed it to be proper to testify my Satisfaction, and to Commemorate the event by the Most distinguished marks of public rejoicing, and I feel particular gratification in conveying to your Excellency the expression of my congratulations on an Occurrence which I am Satisfied cannot fail to be interesting to your Excellency.

TO HIS EXCELLENCY THE RAJAH OF TANJOUR.

Para. 1 I conclude that your Excellency will be Acquainted with the circumstances Attending a former discussion with the Government of Tanjour relative to a claim of the family of Tondiman to the possession of the District of Killenelly Situated in that province.

2. This claim having been recently revived by Tondiman I directed particular enquiry to be made regarding the Grounds on which it might be founded, and by the report which I have received Accompanied by the documents which Tondiman has been enabled to produce. I have been Satisfied, that independently of the right which he might have derived from the possession of that district under the Government of your Excellency's Ancestors, his claim is Supported by a pledge of Assurance from the British Officers who commanded the forces of the Honorable Company in the last War with Hyder Ally; who in order to encourage the exertions of Tondimans family for the purpose of repelling the invasion which had been made by the Enemy in the province of Tanjour, conveyed a promise that the District of Killinelly Should be transferred to that family in perpetual possession.

3. I have considered it to be unnecessary to discuss at this time the reasons which Appear to have prevented the fulfilment of that engagement at the Conclusion of the War with Hyder Ally; but as the causes which probably impeded the execution of it have been now removed, I have felt it to be incumbent upon the Justice of the British Government, that measures Should now be taken for the performance of a Stipulation with a family whose fidelity has been no less distinguished, than its exertions in times of difficulty have been useful, and important, and under that impression it is my intention to direct that the territory included in the former district of Killinelly shall be transferred to Tondiman and his descendants.

4. Captain Blackburne by whom the enquiry which I directed to be made on this occasion was conducted, will be enabled to inform your Excellency of the manner in which I have directed that the transfer shall take place. But as the Measure may be liable to Occasion a Small diminution of your Excellency's Annual Revenue, I have deemed it to be proper to State the Subject for your Excellency's information, under the confidence which I entertain that your Excellency's liberality of sentiment will lead you to Concur in an Arrangement which is founded on equity, and on the Sense of regard which I have considered to be due to the family of Tondiman for it's Adherence to the duties of Allegiance during a long period of years.

TO TONDIMAN.

Para. 1. Captain Blackburne the Resident at Tanjour having communicated to me an explanation of the Nature of the Claims which you stated by my desire to that Officer, I have in consequence caused particular enquiry to be made respecting the Grounds of your right to the district of Killinelly, and the result of the information which I have received, Combined with the testimonies which have been brought to my Attention of the fidelity and Attachment to the interests of the Honorable Company's Government, which have marked the Conduct of yourself and of your Ancestors, have determined me to cede to you the possession of that territory for the purpose of recompensing the Services of your family and of Affording a distinguished example of the disposition of the Company's Government to reward with liberality those persons who Adhere with fidelity to its interests, and Confidence in its protection.

2. I shall in Consequence direct Measures to be taken for defining the limits of the district of Killinelly According to its extent when formerly in your possession, in order that it may be Separated from the territory of the province of Tanjour and transferred to you.

3. It is my intention that you and your descendants Shall hold the district in perpetual lease Subject to the Tribute of an Elephant to be presented Annually to the British Government. But as the orders which I am About to issue on this Subject must be dependant on the Confirmation of the Honorable Court of Directions, [*sic*] you will not consider the Arrangement to be permanent until it Shall be [*sic*] ratified by the Honorable Court of Directors. In the mean time however, I shall direct that you Shall be placed in possession of the Fort of Killinelly, and that you shall enjoy the revenues of the district until the final decision of the Court of Directors on your claim shall have been made known to this Government.

4. With respect to the honorary marks of distinction which Captain Blackburne has informed me that you are desirous of possessing, I have determined that you and your descendants Shall be permitted to Assume the distinguishing marks of two Gold Chubdar Sticks Conformably to the wish which you have expressed on that Subject, and as a token of my Approbation, I have desired that two Gold Sticks of that description shall be prepared and presented to you in my Name.

TRANSLATION OF AN ARZI, FROM PURNAYIA DEWAN TO THE RAJAH OF MAISUR
TO THE RIGHT HONORABLE LORD CLIVE GOVERNOR &C^A &C^A &C^A

DATED 15TH }
RECEIVED 25TH } JUNE 1803.

After the usual Compliments.

Your Lordship will have received the former Address which I had the honor to transmit under date 24th February last intimating the providing grain and preparing the Supplies for the two Victorious Armies and my proceeding in conjunction with his Excellency Major General Wellesley from Seringapatam to Hanouli Accompanied by the Army of His Highness the Maha Rajah.

On the Arrival of His Excellency General Stuart Bahadur I had the honor of Visiting him, and of complying with his Commands—on our Arrival at Hurrihur General Wellesley Advanced towards Puna, whither two thousand Cavalry and five hundred infantry of His Highness the Maha Rajah's troops Accompanied him.

Major John Malcolm having been Appointed Resident at this Court, Arrived lately, and in the progress of his journey from Madras to Hurrihur witnessed the prosperous condition of that part of the Country through which he passed, and with which he was highly gratified; remaining but one day at Hurrihur he continued his route to Puna.

The Cavalry belonging to His Highness the Maha Rajah under the orders of General Wellesley and Major Malcolm do Active duty, (As the General has written me) in the Same Manner as the forces of the Company; this has likewise no doubt been represented to your Lordship.

Praise be Ascribed to the Almighty who by means of the Activity and Enterprize of General Wellesley hath preserved the City of Puna from the infernal design planned by Amret row of a General conflagration of it—who hath thus also rescued its inhabitants from the oppression and tyranny of Holkar and the whole people of the Country from these confines to the City Pund [*sic*], from the constant terror and Apprehension of the incursions and ravages of their Enemies—thus relieved they are full of gratitude to the Honorable Company's Government.

General Wellesley having brought back to Puna his Excellency the Peishwa, and reinstated him therein the Capital of his dominions, departed thence on the 4th June, and proceeded towards the river Godaveri, the troops of his Highness the Maha Rajah Accompanied him. I send from thence every Second Month their pay in Advance. I have deputed with his Excellency General Stuart a respectable Sirdar to execute all his commands, and I have Sent 500 dooli bearers and 500 Shepherds, the Shepherds in charge of the Sheep consumed daily, thus relieved are called back for fresh Supplies.

I remain with M^r. Peil at Hurrihur with the residue of the forces, and obey Such orders as I receive from both the Armies. I intend remaining on the frontier until the business on which General Wellesley is now engaged may be Accomplished.

General Stuart directed me to enquire for bullocks for dragging the Guns. I sent to the Talaucks Accordingly and Selected under my own View 287 fine bullocks, which I bought on Advantageous terms, and Sent to the General now encamped at Madgole.

Under your Lordship's favorable Auspices, Grain and other Articles are Cheap and Abundant in this Country—there is nothing of which we are in want, the rains have already Commenced, and if it please providence by replenishing the Tanks and Watercourses, will produce verdant and fertile fields, the repair of tanks is going on. I communicated to M^r. Webbe the intention of constructing a bridge over the river to the North of Seringapatam, at the expense of the Maha Rajah: M^r. Webbe will have Apprized your Lordship of Such intention.

Accordingly the Bridge having been commenced in a Situation Selected by General Wellesley, is to consist of 70 Cheshmahs each having three Pillars:— Seventy pillars and a third part of the bridge are already erected; in a manner So Strong and of Stones So Massy that it will be a very durable work: this is the Season in which the rever [*sic*] fills—during the rains the further stones and materials which are Necessary Shall be got ready, and in the course of the next year the work will be completed.

The instalments continue to be paid Monthly to the Government of the Honorable Company.

May the Sun of your Lordship's life and prosperity continue to Shine with Splendor in the horizon of dignity and Magnificence.

I am informed that your Vakil has Signified to Seyud Hidajet Ali Khan Diler dil Jung, your intention of withholding in future the Additional Allowance of 100 Rupees Monthly to the pay of the Sibendi of the Fort Gunspurah.

An Augmentation of 200 Rupees Monthly to their pay was made for these last Ten years by orders from the Splendid presence, with a view to the care of the Fort— 100 Rupees of that amount has been retrenched, But as the Security of the Fort is a primary consideration, I recommend therefore that in the Same manner as Omdut ul Omra did you Continue the additional Monthly allowance of 100 Rupees to the pay of the Subbendies and give orders to your Vakil Accordingly to pay it regularly.

The oppression heretofore exercised over me by the Court of Judicature on Account of certain persons is well known, and in these days the violent Measures they have taken with respect to Mahomed Nasir Chan is Also manifest My friend!—By the existing Treaty and under the protection of His Majesty and the English Nation, I am Secure and exempt from the Jurisdiction of the Court, and I Accordingly Stated this to your Lordship in my letter of the 30th December last. The Gentlemen of the Court have however been induced to espouse the Cause of Mahomed Nasir Chan upon a Complaint that is Altogether groundless—for M^r. Anstruther and Major Wilks Saw the true and real state of the Matter with their own Eyes and have (no doubt) explained it to your Lordship.

Heretofore on the 21st Shâábán 1216 Hegery (Answering to the 28th December 1801) I wrote circular letters to the Several Members of my family notifying that Such of them as wished to reside within my Garden must Constantly observe Obedience to me, otherwise they must quit the Garden. They did not however Act Accordingly to my Letters but on the Contrary Some of them became more troublesome to me.

Notwithstanding that I am exempt from the Jurisdiction of the Court, yet in order to remove all Anxiety from your Lordship's Mind I have come to the determination that Such of the Members of my Family, Men, or Women, as will not Consent to be under Subjection to me, shall immediately quit my Garden and the precincts of my Palace, and I have written an order to this effect and Sent it by the hands of

Mr. John Batley my Secretary and Royah Khoop Chund My Chief Persian Moonshee, to be read to each of them respectively—a Copy of the orders is Sent for your Lordship's perusal.

I hope my friend, that in future I may be held Safe and Secure from the Interference of the Gentlemen of the Court, According to the true spirit and meaning of the existing Treaty.

TRANSLATION OF A CIRCULAR LETTER, FROM HIS HIGHNESS THE NABOB AZIM UL DOWLAH BAHADER, TO EACH OF THE MEMBERS OF THE FAMILY AS HEREUNDER SPECIFIED.

From the Commencement of the Succession of this Servant of the Court of the Omnipotent to the Government of the Carnatic, the Conduct So repugnant to the principles of all upright and good Men, which you have observed towards me must be fresh in your recollection—it is the more extraordinary, Since not Satisfied with this Conduct to myself you have transmitted (to others) representations replete with Accusations false and confounded.

It is perfectly evident to the Sagacity of every person of discernment and impartiality that besides the indispensable Arrangement and regulation of my Affairs, an attention to which is incumbent on every ruler, my Conduct to you has not (even altho' I witnessed your refractory Sentiments) been influenced by a bias of severity—this is a fact So notorious that it were Superfluous to illustrate it by particular instances.

In consequence of a line of Conduct Adopted by my late uncle the Nabob Omdut ul Omra, incompatible with his engagements to the British Government (the Approved benefactors of the rulers of the Carnatic) the terms of those engagements were infringed and our whole house Consequently involved in a Situation dangerous and Alarming.

By the gracious Kind interposition of providence the British Government were (nevertheless) pleased to confer on me the Succession to the Government as mine by right thereby preserving Secure the honor of our entire house.

The demesnes and buildings of the palace, the residence and memorial of our progenitors had been Mortgaged, and were About to be Sold, an event which had it Actually taken place would not have left us even the Shadow of a Wall.

These have been redeemed and the demands of the Mortgage discharged, demands which had they not been satisfied, God only Knows what might have been the Situation of the individuals of the family.

Thank Heaven ! my intentions have been so devoid of guile and my disposition so averse from injuring even an individual, that I entertain no Apprehensions from your Memorials. Nay I imagine they will redound to my Advantage.

Now—Since it hath pleased the Almighty to favour me with this Government, and as I have redeemed from Mortgage the Garden of Chepak you Should know that it is mine by Virtue of a two fold right.

First it is mine having purchased it with my own Money—thus I am the paramount and Absolute proprietor of the said Garden.

Therefore, if with a View to the upholding of your rank, you Should prefer to reside within the Said Garden, it behoves you to Submit on all Occasions to my Authority, otherwise—If Contrary to the Customs of the Walajahi family, you Should disclaim my Authority, then you Must relinquish my property ; and in that event, I shall be no longer responsible for the defence of your honor.

On the 21st Sháaban 1216 Hegery (28th December 1801) I wrote to you an order Signifying that if it were your desire to reside in my Garden at Chepak it was expedient you Should Always be under Obedience to me, otherwise that you Should quit the Garden. Your Conduct to this time has been well observed and indeed it is Known to the World that you have neither withdrawn from my Garden nor Submitted to my Authority ; on the Countrary Some of you have Committed open acts of disobedience.

I therefore (by the blessing of God) repeat my order, that as the Above mentioned Garden is my property and the Seal of my Government, Such of you, Men and Women, as do not consent to be under Subjection to me, do immediately and without delay quit my Garden—Addressed to Hussaum ul Mulk Bahadur.

THE RIGHT HONORABLE LORD CLIVE, GOVERNOR, &c.^a &c.^a &c.^a

DATED 2^d AUGUST } 1803.
RECEIVED 10th D^o

Your Lordship's gracious letter of the 15th July like a lucid Star rising from the horizon of its issue darting on me its effulgent ray, Communicated a degree of honor So flattering that with my exalted head I touched the heavens.

Sublime sidera Seriam Vertice.
Hor.

Your Lordship was pleased to observe "that my Conduct in discharging the duties of the important Station confided to me had impressed your Lordship with Sentiments So favourable, that your Lordship Should have derived Sincere pleasure in an opportunity of a personal interview, that the probable period of your Lordship's residence in India may not now Admit of your Lordship's deriving that pleasure, your Lordship therefore desired I should rest Assured of your Lordship's Sincere wishes for the long continuance of my health and prosperity.

It is by your Lordship's generosity and benevolence that the Maha Rajah my Master hath been distinguished by the dominions of this great Realm, and it is by the favour of your Lordship that I have been honored with the important office intrusted to me—the Success and fortune of this state have prospered thro' your Lordship's beneficence and it is by means of the support derived from the Kindness of your Lordship that I am enabled to Acquit myself of the duties of Gratitude and Attachment.

I wished, indeed, Most fervently to have had the honor of introducing myself to your Lordship, and If I were at this time in the vicinity of Seringapatam, I should hasten to attain that happiness. But as His Excellency General Wellesley is Still in the field with the View of terminating the dissensions which distract the Mahrattah Empire, and threaten injurious consequences to surrounding states, and as the Army of the Maha Rajah is also employed with His Excellency, it is expedient and proper, and doubtless more agreeable to your Lordship, that myself and M^r. Peile continue on the frontier until the accomplishment of this object, which God willing! will Soon be achieved: Accordingly I am now encamped with the troops at Harrihar.

Your Lordship possesses greater honors and distinctions in Europe, than even in India, wheresoever your Lordship may reside, there, Shall power and Magnificenée Attend you.

But your Lordship's *presence* in these regions inspired me with a confidence and an ardor, whilst your Lordship's favours gratified my feelings.

I persuade myself therefore that your Lordship's patronage and interest in my Welfare will Continue in all time to come, and that the Same happy effects of them will extend to me from all places however remote.

When your Lordship shall have departed, I shall not fail to offer up my Supplications at the Court of the Most high, for your Lordship's Safe and prosperous arrival in England, and I shall ever Continue Solicitous for the receipt of the glad tidings of your Lordship's Welfare.

May the Sun of your Lordship's life and prosperity be long resplendent.

DATED & RECEIVED { 19TH RUBBESSAUNY 1218 HEGERY
OR
8TH AUGUST 1803.

I have received your Lordship's Letter of the 7th Rubbelowell 1218 Hegery, answering to the 28th June 1803 with translation of a Letter written by Seyful Mulk Bahauder to the Company's Collector of Madras, and I understand the Contents.

That any Member of my Family should be guilty of improper Conduct towards me is a matter that would not excite the least surprise in my breast, they have all along manifested a spirit of disaffection and implicable enmity towards me, for no other reason that I know of, than that I am their lawful Sovereign, that the property and happiness of my subjects are no longer the prey of their oppressions, and that the profligate and the needy are making an expiring effort for the return of corruption and disorder; for these reasons I am daily, and hourly annoyed by my own family in every way that perversness and malevolence can suggest: nor had I doubt that Seyful Mulk was as much my enemy at heart as any of the rest—but I had no conception that a man who is in the receipt of a very liberal Monthly allowance, as fixed upon him conjointly by myself and Government, upon the principles of the Treaty concluded between me and the Company, could have so far forgotton himself as publickly to avow Such Sentiments of Disrespect to the English Government, as are contained in his Letter to the Collector, and my surprize and indignation at Such Conduct is more than I can express.

I see with your Lordship the necessity of convincing Seyful Mulk of the impropriety of his Conduct, but your Lordship must be aware that in consequence of the unwarrantable Interference of the English Court of Judicature in my Domestick Concerns, I am deprived, at present of the exercise of that lawfull authority over my family which by the Mahomedan Law, and by a Solemn Treaty entered into with the British Government, I am fully and unquestionably entitled to enforce. The English Court of Judicature has I understand declared it's resolution to afford it's protection to any member of my family, Male or Female, who shall ask it. Your Lordship will Surely see the extreme indelicacy of such an Interference in the family of a Musselman Prince, in alliance with the British Nation, more especially with relation to the females who agreeably to the rules and customs of Mahomedans are secluded from all worldly intercourse: an Interference that never heretofore obtained, and is unexanpled in the Conduct of any civilized Nation towards the meanest of my Religion: an Interference that I consider not only as highly Injurious to my honor, but as an absolute infringement of my Treaty with the British Government.

Under these circumstances, I have no other mode at present of manifesting my just indignation at the conduct of Seyful Mulk, than by Stopping his Monthly allowance, and I have accordingly determined to refuse the Sanction of my Seal and Signature, by which alone he can receive it, untill he shall feel convinced of his error, and in the Most humble, and submissive manner, crave forgiveness of the past, and promise to behave for the future in a manner more becoming his Situation, and I request your Lordship will give the necessary orders at the Treasury.

I take this opportunity of mentioning the Conduct of Abdulcawder Cawn, also a relation of mine, who is in the receipt of a liberal Monthly support, whose conduct has been Similar to that of Seyful Mulk, and for a Similar reason, namely, the undue interference of the English Court of Judicature in the domestique Concerns of my Family: The enclosed Copy of the Translation of a Letter that he has written to M^r. Ogilvee will shew your Lordship his turbulence and insolence; To punish which, as far as now lies in my power I have come to the resolution of stopping his Monthly allowance untill he shall be brought to a proper sense of his duty to me as his lawful Sovereign. I shall accordingly refuse my Seal and Signature to his receipts in future, and I request your Lordship will give notice thereof to the Treasury.

I also avail myself of this Occasion to transmit for your Lordship's information Copy of a Letter addressed to my Secretary, by a M^r Neale with Copy of the answer that was given to it by my orders. Your Lordship will observe that M^r Neale as belonging to the Court demanded admission into my Garden to confer with a female Member of my family and that I have refused him. From this your Lordship will See to what a degree even the retainers of the Court have been encouraged to extend their presumption, in daring to demand admission into the precincts of my Palace, and access to the apartments of the females of my family living within those precincts:—thereby presuming not only to invade my Rights as a prince and as a Man, but to offer the foulest insult to my honor as a Musselman.

I hope and trust your Lordship will take all these matters into Serious Consideration and exert the Authority of your Government to Secure me from all interference of every description, in conformity with the true spirit and intention of the existing Treaty.

TRANSLATION OF A PERSIAN LETTER FROM ABDELCAUDER CAWN UNDER HIS SEAL, ADDRESSED TO M^r OGILVIE—DATED 11TH RUBBESANY 1218 HEGERY (ANSWERING TO 31ST JULY 1803.)

Your Letter stating Circumstances Relative to my house on the Sea Beach granted to me by His Highness the Nabob Omdut ul Omrah (who is in paradise) I have Received, am made happy and understand the Contents: His late Highness purchased the said house from Annasamy Modely for Two Thousand, four hundred and forty-eight Pagodas, and granted it to me the Said house together with the Bill of Sale (copy of which is enclosed in this Letter) the Keys &^{ca} I mortgaged to Khojah Daood Armenian for One thousand and four hundred Pagodas, on agreement that if the Money was not paid at the time Stipulated, he should dispose of the house at public auction, and Receive the amount of his Debt with the Interest. As the Money was not paid According to Agreement the house became the unquestionable property of the Said Khojah who is at liberty to sell it—the Nabob Azeem ul Dowlah Bahauder can have no claim upon the house either by the Laws of the Islam or by these of Christ. What concern has the Nabob Azeem ul Dowlah Bahauder with the property or effects of His late Highness Omdut ul Omrah, that he should lay claim; More especially to such property as may have been given in payment of Debt, or as a Grant. But the aforesaid Nabob (Azeem ul Dowlah) wishes to Seize it by force—the house in question is in the Company's territory and under the Flag of the King and the Company—Violence will not succeed: the Court of Judicature will do Justice for this Violence, and will not allow of oppression—and you who are a Member of the Government and of the Administrators of Justice in Madras, will Repel the force made use of by the aforesaid Nabob, and cause the house to be delivered up to Khojah Daood, the Papers &^{ca} are with Khojah Daood send for them and peruse them. I have had the honor to address two Letters to your Royal Highness the one under date 5th August 1801 and the other the 5th February 1802, which I hope have been duly Received.

My good friend Lord Clive being about to Return to England I would not let so favorable an opportunity escape without paying my Sincere Respects to your Royal Highness, and giving your Royal Highness the strongest assurances of my firm attachment to his Majesty, to your Royal Highness, to the East India Company, and to the English Nation.

The friendly support that I have uniformly Received from Lord Clive, ever Since I ascended the Musnud of my Ancestors, has impressed me with Sentiments of gratitude which I want words to describe, and nothing could have consoled me for the absence of so good a friend, but the conviction, that I shall find in his illustrious Successor Lord William Bentinck, the same friendly disposition towards me, and the same strenuous support of my Interest and welfare.

Lord Clive is intimately acquainted with my Situation—his Lordship knows the Sentiments of attachment which animate my breast, and will have the honor of representing them in person to your Royal Highness.

TRANSLATION OF A LETTER FROM HIS EXCELLENCY SERFOGEE RAJAH OF TANJOUR TO THE RIGHT HONORABLE LORD WILLIAM BENTINCK GOVERNOR &^{CA} &^{CA} &^{CA}.
FORT S^t. GEORGE.

I have received with much pleasure your Lordship's Letter informing me of your happy arrival at Fort S^t. George, and of your having taken Charge of the Government of that presidency.

I offer my Congratulations to your Lordship on your happy arrival, and request that you will accept my earnest Wishes for your Happiness and for the constant and encreasing prosperity of your Government.

Your Lordship's favorable Sentiments of me, have filled me with Joy far greater than I can express. For a long time past it has been my principal Study to prove by every Means in my power, the Warmth and Sincerity of my Attachment and Gratitude to the British Government. These Sentiments were eminently excited by the signal Act of Justice, by which I was placed upon the Throne of my Ancestors, and have continually been strengthened and encreased, by the uniform Kindness, Respect, and Distinction, with which I have been treated by the Right Honorable Lord Clive.

I entirely depend upon, and thankfully acknowledge your Lordship's assurances, that you will promote and strengthen the Sentiments of Cordiality and Confidence between us; I trust also with undoubting Confidence to your Lordship's Kindness and Liberality for the preservation of all my Rights, and the Support of my Dignity.

I am much obliged to your Lordship for conveying to me Lord Hobart's Letter. The perusal of it has given me the highest Satisfaction. I consider it as one of the most fortunate and honorable Circumstances of my life, that I have been able to obtain the Friendship of a Man so distinguished for His Worth and Honor.

* Patronymic Epithets from their Grand father and Father Anwar ul Din
Khan & Mahomed Ali Wálájah.

DATED 31ST AUGUST
RECEIVED 2^D SEPTEMBER } 1803.

Your Lordship has doubtless heard of our deplorable Situation, and of the series of difficulty, distress, and duress, which we have experienced—a state of Suffering which probably, has not since the days of Adam, until now, fallen to the lot of any mortal—a detail of these Sufferings would certainly be painful to your Lordship's feeling heart!—In short our eyes and our ears were eagerly directed to your Lordship's arrival, in like manner as the parched cultivation thirsts after the refreshing rain as the Suckling for its Mother's Milk—or as the wretched and oppressed, for a benevolent protector

Blessing and adoration be ascribed to the Almighty! since all these benefits were yesterday realized to us!—and our two fold grief, (from the demise of the Navab Omdut ul Omra Bahadur, and that of the Nabob Tajul Omra Bahauder) is now dissipated!—Since yesterday two Suns, as it were, illumined our habitations, and diffused in each of them the cheering rays of hope and Joy:—May the omnipotent render your Government of this Presidency, nay of the extent of Hindostan, happy and auspicious!

To this effect we the several members of the Anweri and Walajahi Families tender your Lordship our prayers and Congratulations.

May your Lordship's favour be extended towards us.

Para. 1st I have the honor to transmit for your Highness's information a copy of a letter which I have received from certain members of your Highness's Family.

2^d Your Highness will doubtless consider it to be consistent with the respect and attention for your Highness's character which I am desirous to evince, as well as conducive to your Highness's future tranquility, that I should embrace the earliest opportunity of explaining to the persons who have addressed me, the principles on which it is my intention to regulate my public conduct towards your Highness.

3^d I have accordingly on this first occasion prepared a suitable reply to these members of your Highness's family of which a copy is enclosed for your Highness's information.

4. The original which also accompanies this dispatch, I am to request that your Highness will do me the honor to transmit with such communication as your Highness may consider to be suitable and proper.

5th If these persons should in consequence of the letter which I have now transmitted to them, think proper to address any representation to your Highness, I shall be desirous to dismiss for ever all pretext for demanding from me any interference in your Highness's domestic Jurisdiction, by entering with your Highness into a consideration of the conduct which it may be adviseable for your Highness and for myself (whose views and objects are inseparable) to observe towards the several branches of your Highness's family and I shall be prepared to receive from your Highness those frank explanations of facts which belong to the openness and candour of your Highness's character, and which may enable me with the greater advantage to confer with your Highness on this important Subject.

TO HUSSAM UL MULK BAHADUR SULTAUN UL NISSA BEGUM &^{CA} &^{CA}
SUBSCRIBING THE LETTER.

I have received your letter dated the 31st of August, and am gratified by the good wishes and congratulations of so many Members of the illustrious family to which you belong.

The satisfaction which I should otherwise have enjoyed from the receipt of this letter has been materially impaired by observing an allusion to distresses and sufferings which you consider yourselves to have experienced and by remarking that it has not been conveyed to me with the knowledge and approbation of his Highness Azeem ul Dowla Behauder, Nabob of the Carnatic.

I have deemed it to be a part of my public duty to enquire into the possible nature of the distresses which may have been experienced by persons to whom a most liberal maintenance has been allotted under the treaty of the Carnatic, and I have not hitherto been able to discover any real ground of dissatisfaction or complaint.

I shall be happy therefore to understand that this part of your letter is only intended to convey a general sentiment of respect for the memory of departed relatives.

If however contrary to this expectation you should have any specific cause for complaint which you are desirous of submitting to the consideration of your superiors, it is proper for me to remark that you have failed in the respect which is due to the head of your family and your legitimate sovereign the Nabob Azeem ul Dowla Behauder Nabob of the Carnatic, in addressing to the English Government any communication even of ceremony, otherwise than through the medium of his Highness.

Reposing entire confidence in the humane and liberal dispositions of his Highness, it is my determination to support him in the important rights and dignities which have been secured to his Highness by the treaty of the Carnatic, and above all in the domestic authority which he is unquestionably entitled to exercise, not only under the provisions of that treaty but according to the known customs of his sect, and the invariable practise of his ancestors. His Highness however in conformity to the candid and Uniform tenor of his public conduct, will doubtless do me the honor to communicate to me any representations which you may be disposed to submit to his Highness on this occasion.

But I trust that I shall not be considered to fail in respect to those branches of the family who have been pleased to address me, in declining the honor of their correspondence through any other channel than that of their acknowledged Sovereign.

I have received your friendly letter dated 12th September (recapitulate the contents).

The accounts which I have received of the invariable zeal and ability with which you have discharged the duties of your important station, have rendered me anxious for the opportunity of personal intercourse with a character who has established so many claims to the respect and attachment of the British Government. By the blessing of God the causes which obstruct our mutual wishes on this subject will be speedily removed ; and I hope on some future day, for the happiness of witnessing along with you the prosperity and happiness which have been diffused and continue to increase under your administration.

The measure of encreasing the number of serviceable horse as well under your own command as for the purpose of joining the British army is exceedingly proper ; your own judgement and experience will suggest the necessity of continuing your attention to that important object, and I shall be happy to hear that your exertions have been successful.

The measures which you have taken for forwarding to the army the treasure mentioned in your letter appear to be judicious and proper.

I have received from General Stuart the most satisfactory accounts of your judicious and successful arrangements, for the supply of the army during its march through Mysoor, and of the important aid which it has continued to derive from your zeal and experience. At this time his Excellency is engaged in providing depots of grain at certain Military stations, and will have communicated to you his wishes regarding the mode in which you may be able to assist his views. To this important object I have no doubt that you will chearfully apply your usual energy and accustomed Success.

After compliments

Your Lordship's gracious letter informing me of your Lordship's arrival at Fort St George to assume the Government of that Presidency in conformity with the appointment of the Honorable Court of Directors and the approbation of His most gracious Majesty the King of great Britain, having risen from the horizon of its issue, like the Orb which illumines the day; by its arrival conferred upon me happiness, dignity and honor.

So soon as I was informed by M^r Peil of the Joyful intelligence of your Lordship's arrival, I transmitted an Arze expressive of my happiness, signifying that, in consequence of orders I had received from the Right Honorable Lord Clive I was using my best exertions, to entertain horse—that I had dispatched a Lack of Star Pagodas belonging to the Sirkar of the Honorable Company and Thirty thousand Bahadure Pagodas for the Troops of His Highness the Maha Rajah, to the victorious army—which letter your Lordship may 'ere this have received:—the receipt of the the above gracious letter from your Lordship rendered my happiness two fold.

Your Lordship was pleased to assure me that, in the exercise of the trust confided to your Lordship, it would be your Lordship's sincere desire, by every means in your power to consolidate the friendship which by the blessing of the Almighty subsists betwixt the Honorable Company's Government and the Sirkar of the Maha Rajah, and the contemplation of which was a source of great satisfaction to your Lordship's mind.

I rely with the most perfect confidence that your Lordship's gracious attention will be always directed to support the rank and dignity of the Maha Rajah and that the plant of this State, which has been nurtured by the Showers of the Honorable Company's generosity, will under your Lordship's administration, continue to flourish daily.

I am busy in the service of both Sirkars, which I know to have but one interest and my heart and Soul are directed to the Zealous discharge of the duty with which I have been entrusted.

The Money mentioned above having arrived in Safety at Poona, was thence forwarded on the 18th September to the victorious Army, by Colonel Close—it will soon arrive.

In this Country the Rains have already commenced—the tanks contain two or three Months Water, and the cultivation is proceeding happily—under your Lordship's auspices the Rain will be abundant and the districts flourishing.

The construction and repair of Tanks in different places are in progress—I trust to your Lordship's favor and kindness to be honored with your gracious letters.

From the Commencement of the Honorable Company's victorious Career (in this Country) until the present day, the devotion, attachment, and Zeal with which I have served, and continue to serve them, in every War and Siege, has probably been, or

will be, reported to your Lordship from other quarters—it is my Fervent prayer that all the territories of the Carnatic and of Hindostan may be subjected to their dominion, and that persevering in exerting myself Strenuously in their cause, may merit and meet their friendship and favor.

I send, by my Vakeel, some fruit and Sweetmeats, by the acceptance of which I beg to be honored.

May the Sun of the Honorable Company's fortune be for ever resplendent.

TO THE RIGHT HONORABLE LORD W. C. BENTINCK &C^A &C^A &C^A

DATED & RECEIVED { 29TH SHABAUN 1218 HEGERY
OR
15TH DECEMBER 1803.

Ever Since I ascended the Musnud of my Ancestors, the untoward conduct of certain Members of my Family towards me has been the source of much uneasiness and anxiety of Mind. Determined to molest and annoy me by every means in their power and in every way that malice and perverseness could suggest, and for no other reason that I know of, than that I had been restored to my Birth right, all my attempts to conciliate their affections proved abortive, and tended to increase their enmity rather, than to engage their friendship, and they have never ceased, by the fabrication of groundless Complaints and unfounded Calumnies, to endeavour to disturb my peace of Mind and to prejudice me in the Eyes of the public

This unworthy Conduct of my family has not, however, divested me of the feelings of humanity, nor estranged my affections from them—and I have ever manifested a disposition to receive with open arms such of them as wish to be reconciled to me. My Friend ! many of them, I know are in great distress, and I should feel happy were they to give me an opportunity of using my endeavours to procure them relief.

Amongst these is my paternal Uncle Seyful Mulk Bahader, whose Situation is truly deplorable. In consequence of a Complaint from Government of improper behaviour on the part of Seyful Mulk, I felt it incumbent on me, as the only means in my hands of giving Satisfaction to Government, to desire that the payment of his Monthly Stipend might be withheld, until he shewed a due sense of misconduct and made a proper Application for the restoration of the allowance, as his Subsistence depended entirely on that Stipend, the Stoppage of it has reduced him to the greatest distress, and I should have addressed your Lordship on the Subject Sometime Since, could I have induced him to make the necessary Application, in the proper way, which I pointed out to him—but he would not comply with my friendly advice. The Respect which I entertain for the memory of my illustrious Grand father, the late Nabob Walajah, and for each Individual of the family, and for Seyful Mulk in particular, and feeling as I do, for his age, his bodily Infirmities, his mental imbecility and his extreme pecuniary distress, I am induced to forego all other Considerations and to request that the Monthly Stipend heretofore allowed him from the Revenues of the Carnatic, together with such sums as have hitherto been withheld, may be paid to him from the Company's Treasury under the usual Sanction of my Seal and Signature.

Your Lordship will I trust See the propriety of this address for the reasons stated above.

May it please your Highness !

I have been honored by the receipt of your Highness's letter of the 15th Instant.

2nd. As I am no stranger to the uneasiness and vexation which has been occasioned to your Highness's mind by the unmerited counteraction of the disaffected branches of your Highness's family.—I need not assure you of the sense with which I have been impressed by the moderation and forbearance of conduct evinced by your Highness under the disquietude and difficulties which that Opposition has tended to produce.

3^d. If any doubt could have remained in my mind of your Highness's continued desire to conciliate the dispositions of those persons who have sought to place themselves in opposition to your Highness's interests, such a doubt must have been removed by the benevolent regard with which your Highness has recommended the case of Seyful Mulk to my attention, which I beg to assure your Highness that I receive as a grateful testimony of the benignity and liberality of your Highness's disposition.

4th. As your Highness is acquainted with the circumstances under which the conduct of Seyful Mulk incurred the consequences of disrespect to the Authority of this Government, I need not recur to that subject, farther than to assure your Highness that my respect for the motives of your Highness's application has readily inclined me to overlook the impropriety to which I advert: and I have therefore in conformity to your Highness's request given directions that the payment of Seyful Mulk's stipend shall be Renewed, and that the arrear which may have occurred from the period when the payment of that allowance was discontinued, shall be discharged.

I shall not on the present occasion revive the consideration of the circumstances which made it necessary for this Government to interpose it's authority at the period of the suspension of the payment of the Stipend, allotted for your support. The object of the Communication which I now make, is to acquaint you that having received from His Highness the Nabob Azeem ul Dowlah a particular request that the payment of that allowance may be renewed, it is my intention in conformity to His Highness's recommendation, to overlook the circumstances which led to it's discontinuance.
